Technology Consultant I
HP Solution Center Cph.
HPS C&I Denmark

Strengths

- International experience
- Leadership experience
- Telecom knowledge
- GMP QA knowledge

Skills

- ✓ Design IT Architecture
- ✓ Microsoft server
- ✓ Microsoft Exchange
- ✓ Unix Tru64 / HPUX
- ✓ System integration

Certifications

- ✓ In progress : MCSE (Microsoft Certified Systems Engineer)
- ✓ Compaq ASE
- ✓ ITIL Foundation

Spoken Languages

- ✓ English (fluent)
- ✓ Danish (Fluent)

HPS Consulting & Integration
Denmark

Last Update: 11/04/2005

Professional Profile

I am a Technology Consultant for HPS Consulting & Integration. I have been with HP since 2003 and have experience since 1987 in the Computing Industry. My current focus in HP is the IT integration/consolidation of a newly HP imbedded company. I am managing technical issues and emerging difficulties for the company while securing their daily routines during the transition.

Before joining Hewlett-Packard, I was IT manager for, the now, HP embedded company Netman APS. In Netman my prior tasks was coaching, IT infrastructure enhancements and a new turn-key IT infrastructure to an offshore company in Lithuania.

Before joining Netman APS I was a Freelance IT manager leading 10 employees and working with management coaching, infrastructure enhancement, project management, integration, installation, testing and documentation.

Education:

I am educated as a elektronik mecanic, backed by hands-on experience and the causes listed below.

2005 3 Days ITIL foundations course
2004 5-days Exchange 2003 course
2003 4-days windows AD course by CSC
